THE NEW
CLASSICS

www.home-dekor.com

The new fabrics

Munna's 2021 new fabrics not only meet the industry's highest standards, but also widen the range for interior designers and architects. The main types are two new Chenille fabrics, that not only come in a superb range of colours, but also meet the REACH and Oeko-Tex environmental standards, tested to ensure safe use for humans, animals and the environment. The 2021 fabrics includes new bouclé colours, new cotton velvets and more. While the brand also works with fabrics the clients provide, the wider portfolio of options represents a world of possibilities.
